ANOTHER LINER SUNK BY GERMANS

Ellerman Steamer Torpedoed by Submarine Near Scilly Islands

NO LIVES WERE LOST

Ill Fated Vessel Attacked 130 Miles South of Spot Where Elder Liner Was Sent to Bottom

London, March 31—A second British liner has fallen victim to German submarine attacks. The Ellerman liner Flaminian, Glasgow to Capetown, was torpedoed fifty miles southwest of the Scilly Island at 3 o'clock Monday afternoon.

Her crew of forty one are safe. They were landed at Holy Head this morning by a Danish steamer.

The Flaminian is a 3,500 ton liner owned by the Ellerman Company, whose ships ply mostly between English and Mediterranean seaports.

The Scilly Island are off the extreme southwestern point of England.

The liner had accommodations for a large number of passengers, but on her voyage out of Glasgow carried only her cargo and crew. The crew took to the boats before the vessel was torpedoed.

The Flaminian carried no wireless and first news of the torpedoing was received here when the crew was landed today.

The Ellerman liner was attacked about 130 miles south of the spot where the Elder liner Falaba was torpedoed with heavy loss of life Sunday afternoon.

It is considered probable here that the submarine that sent the Falaba to the bottom, returning to her base through the English Channel, encountered the Flaminian and shot one of her remaining torpedoes against the Ellerman steamer.

LATEST ALLIANCE

Three Scandinavian Kings Reported by Russians to Hove Formed One

Petrograd, March 31—The Novoe Vremy states that at the recent conference of the three Scandinavian kings at Malmoe they decided on what is termed a defensive alliance whereby Norway and Denmark are to support Sweden if the latter is attacked by Russia; Sweden and Norway are to send help to Denmark if the latter is suddenly attacked by Germany and Sweden and Denmark are to support Norway if Russia attempts to annex Norwegian territory near the Northern ocean.

Thus two thirds of this alliance is aimed against Russia, but the remaining third is important, as it implies that Germany is a menace to all the Northern states.

GERMANS IN ALSACE.

50,000 of Them Occupy the Valley of Kayserberg And Muenster.

Paris, March 31.—The Temps prints the following dispatch from Geneva:

"Fifty thousand German troops occupy the valley of Kayersburg, the Munester and Gebweiler, according to private information from Alsace to the Democrate. The French, who have been guarding this part of the line, had difficulty in resisting the large forces arrayed against them.

"It was February 18 when the Germans began their great offensive in Alsace. The Alpine chasseurs yielded ground only inch by inch, fighting like lions and inflicting heavy losses on the Germans. When French reinforcements arrived they succeeded in repulsing the Germans, whose casualties in these engagements are said to be about 8,000 killed. The hospitals were filled with wounded. The check to their offensive seems to have somewhat discouraged the German soldiers."

NEWS OF THE DAY

Eight Virginians received during the year from January 31, 1914, to January 31, 1915, recognition from the Carnegie Hero Commission for deeds of daring and heroism.

Grip among older persons and scarlet fever among children are prevalent conditions in Washington this spring. Statistics show nearly 100 per cent. increase of typhoid fever in the District of Columbia.

A dispatch from Athens states that confirmation has been received in diplomatic circles of a report that Turkey has offered. Bulgaria territory in Europe extending to the Enos-Media line in exchange for her continued neutrality in the war. This would include Adrianople.

Another sudden shift in the diplomatic situation has postponed Italy's entrance into the war. The cause of the change in the government's plans has not yet been learned, but it is reported from a reliable source today that Italy will not embark in the general European conflict until May, if at all.

Mrs. Clotilda Samuel Cohen, 85 years old, was shot and instantly killed by her grandson, H. B. Cohen, 32 years old, in Philadelphia yesterday. Cohen then shot himself and died in the Grand Jefferson Hospital later. The tragedy occurred at the home of Henry Cohen's parents. Relatives are unable to explain the tragedy. Their only theory is that Henry Cohen may have become suddenly insane.

A delegation of negroes, accompanied by Oswald Garrison Villard, Rabbi Stephen Wise and Frederick C. Howe, Commissioner of Immigration, yesterday called on Mayor Mitchell in New York and told him that unless he puts the ban on a "civil war" film being displayed at New York motion picture theaters he will have a race war on his hands. The negroes claim the film maligns and degrades their race and told the mayor they wouldn't answer for what happened unless it is taken off the screen.

Four persons were drowned in the Duwamish River late yesterday when an automobile belonging to Mrs. Morgan J. Carkeek ran off a bridge 10 miles south of Seattle. All in the car except Mrs. Carkeek and the chauffeur lost their lives. Mr. and Mrs. Thomas W. Proch, Miss Margaret Lenora Denny, and Mrs. Harriet Foster Beecher, an artist, were killed.

George Fletcher, 45 years old, a watchman at a steam shovel at Park Place near Mahony City, Pa., was found murdered yesterday with a pick sunk in his head and five bullets in his body.

Because of her husband's popularity among his women patients, Mrs. T. E. Sheffield, wife of Dr. T. E. Sheffield, a leading physician of Blakeley, Ga., lay in wait for him yesterday and opened fire as he left his office. She fired five bullets from a .38-caliber revolver, all of which took effect. Dr. Sheffield was dead when his body hit the pavement. As she fired, the woman in a hysterical frenzy fell upon the body, embracing and kissing it. Moaning pitiably she was led to a cell.

TO DENY POPE PROTECTION.

Rome, March 31.—Prof. Scaduto, a recognized authority on canon law, confirms the report of an agreement between the Quirinal and the Vatican for the departure from the Holy See in case of war, of the envoys of the belligerent nations.

Prof. Scaduto says the government in that case will issue a decree for the suspension of the law guaranteeing the inviolability of the person of the Pope and will withdraw the diplomatic immunities which envoys enjoy unless the representatives of the belligerents quit Rome.

RUSSIANS POUR THROUGH PASS

Now Occupy Strong Position in the Foothills of Hungary

TURKS ARE CHECKED

Moslems, Forced Out of Artvin, Burn City Before Leaving—Fighting Resumed on Large Scale.

Petrograd, March 31—Eighty thousand Russians, supported by light artillery, have poured through the Dukla Pass and now occupy strong positions in the northern foothills of Hungary.

Their outposts are now in clash with the rear guard of the Austro-Germans on the Hungarian plain along a fifteen mile line extending from northeast of Svidnik to north of Bartfa.

The attempt by a large Turkish force to move northward against the Russian Caucasus seaport of Batum has been checked, the war office announces.

Russian troops have reoccupied Artvin, thirty two miles southeast of Bartum and are pursuing the Turks, who retreated southward across the Chorok river. The Turks applied the torch to Artvin as they retreated.

Fighting has been resumed on a large scale in the Lupow and Usok pass regions where the Slavs have taken more than 6,000 prisoners. Though the war office makes no comment it is known that at least 100,000 troops from the army that besieged Peremysl is now smashing at the enemy's positions along the Leights.

The German general staff has awakened to the seriousness of the situation. Reports declare that at least three German army corps are being hurried into Hungary to plug the gaps in the Austrian line. At the same time Warsaw dispatches reported an apparent weakening of the German forces in Poland, indicating that part at least, of the German re-enforcements in the Carpathians were sent from von Hindenburg's western army.

Taking advantage of this thining out of the German line the Russians in Poland are delivering a series of lightning attacks against the enemy's trenches.

The war office admits that General Ivanoff's eastern army that attempted to invade Bukowina has been forced to retire for a distance of about twenty miles before a superior force.

SHOOTS SPECIAL OFFICER.

Escaped Prisoner Wounds Constable And Flees to Mountains.

Parkersburg, W. Va., March 31.—Word was received here Monday that Jeff Goff, of Burning Springs, was shot and fatally wounded Sunday night by W. H. Griffith at the latter's home near Creston. Griffith was arrested Thursday at Athens, Ohio, and taken to Cairo, W. Va., to answer to a charge of forging checks amounting to $650.

Griffith escaped from the village lockup Saturday and went to his home in Wirt county. He was seen in that vicinity Sunday, and Justice J. T. Boice, of Creston, deputized Goff as a special constable to arrest Griffith.

It is alleged that when Goff appeared at the door of Griffith's home, Griffith opened fire on the officer, fatally wounding him, and then escaped to the hills. Goff was later moved to his home and physicians say he cannot recover.

Sheriff Frank Badger and a posse have been searching for Griffith. Bloodhounds were put on the trail.

MUST STAY IN ROADS

Steamer Prinz Eitel Cannot Safely Sail to New York.

Newport News, Va., March 31—The German auxiliary cruiser Prinz Eitel Friedrich lay quietly at her dock yesterday with smoke lazily pouring from one funnel with no evidences of an intention to dash through the fan of hostile cruisers off the Virginia Capes. There seemed no doubt that the limit of her stay was hourly drawing to a close, but the time still was guarded as a strict secret.

The battleship Alabama arrived in Hampton Roads and while the authorities were silent as to circumstances which actuated the government in sending a warship here it seemed apparent that the purpose was not to protect the Prinz Eitel within the three mile limit as had been suggested.

Marine men here assert that the reason for the presence of the Alabama is to see to it that British merchant ships which leave almost daily do not carry fuel to the allied ships off the capes. Scores of men at the docks declare that British merchant ships after taking cargo and coaling their bunkers have taken on deck loads of coal such as would not be needed for an oversea voyage. Marine men also insist that the allied warships frequently have been within the three mile limit at night and that one of the ships ventured within the Capes last week.

The German raider, in all probability, will be interned, although those who have talked with her officers say they are ready to brave the dangers of a dash for liberty. Commander Thierichens, it is insisted here, had hoped to have his ship taken to New York within the three mile limit before time for internment arrived. Marine authorities, however, informed him it would be impossible to get his ship around the Capes within the three mile limit and that it also would be necessary to go beyond the three mile limit off the New Jersey Coast. For those reasons the plan of the commander apparently has been abandoned.

No one without official authority was permitted to approach the Eitel Friedrich. All night long a sentinel stood guard at the pier entrance and was relieved by another at sunrise.

DEADLOCK IS BROKEN.

Eggleston Qualifies Before Notary at Blacksburg And at Once Wires Resignation.

Richmond, March 31.—After the State Board of Education had been in deadlock for two days over the schoolbook question because of the declination of Dr. J. D. Eggleston to serve and the insistency of the board that he should serve, the difficulty was overcome late yesterday afternoon by the qualification and immediate resignation of Dr. Eggleston and the election of Dr. James Southall Wilson, of the faculty of the College of William and Mary, to fill the vacancy.

ACCUSED MAN FOUND DEAD.

James Dick, Wanted for Alleged Assault, Thought a Suicide.

Martinsburg, W. Va., March 31.—Hunted for two weeks by Berkeley county officers for an alleged assault upon Mrs. William Lamp, wife of a Glengary, Berkeley county, farmer, James Dick, Jr., aged 22 years, was found dead Sunday in a clump of bushes a mile from the scene of the alleged crime.

Two bullet wounds over the heart showed how young Dick came to his death. Dick's small calibre rifle, which he had carried to the Lamp home the day of the alleged assault, was lying across the body with a discharged shell in the chamber.

Justice McBride held an inquest and returned a verdict of suicide. Prosecuting Attorney Downey, not satisfied with the inquest of Justice McBride, instructed Coroner Sponseller to institute a further investigation. It is said that threats against young Dick had been made after the alleged crime. Dick's watch, money and two apples were found in his pockets.

BOMBARDMENT IS ABANDONED

Russian Black Sea Fleet Removes From Bosphorus Forts

WAR IN DARDANELLES

Anglo-French Ships Renew Attacks Near Entrance—Allies Plan to Land Large Bodies of Troops.

Constantinople, March 31.—The Russian Black Sea fleet apparently has abandoned the bombardment of the Bosphorus forts.

Several Russian warships were sighted fifteen miles off the Bosphorus on Monday, but Turkish aviators reported they were unable to find the Slav squadron in reconnoitering fights yesterday.

The Anglo-French fleet has resumed bombarding the Turkish villages near the Dardanelles entrance, according to a war office announcement today. This is taken to mean that enemy transports have arrived and that the allies plan to land large bodies of troops. The Turkish land batteries are replying to the bombardment.

Enemy aviators are making daily reconnoitering flights over the Dardanelles forts. There has been no bombardment of the Turkish forts inside the strait for forty-eight hours.

READY FOR "BILLY" SUNDAY.

Paterson's $200,000 Tabernacle is Complete For Evangelist's Arrival.

Paterson, N. J., March 31.—Paterson's $200,000 tabernacle is complete to the last nail, and is all swept and garnished for the arrival of "Billy" Sunday, while Paterson ministers have called off all Easter services, so that there will be no interference with Sunday's campaign. Easter services will be held in the churches only on Easter Monday, Sunday's "day off."

Sunday has established offices in the Exchange Building, and has numerous lieutenants in Paterson making all arrangements for his triumphal entry. There will be a prayer and praise service at the tabernacle tomorrow, at which a choir of 1,000 voices will sing.

CONSCIENCE ACCUSER.

Philadelphian Who Slew His Wife Confesses Murder And Gives Himself Up.

New York, March 31.—Arested as a suspicious person near the Greenwich Street Station yesterday morning, a shabbily dressed man attracted the attention of Captain Deevy at the police headquarters line-up, by his mind. Captain Deevy took him to his office, gave him a cigar and told him to be comfortable and tell what was on his mind.

"I'm James Reilly, of 2360 East Harold Street, Philadelphia, and I'm wanted back there. I had five kids and a good wife, but I drank. I came home drunk on November 21, 1912, and—well, I shot my wife," was the man's statement. He said he had traveled all over the country, but could not get the thought of the murder off his mind.

He was sent to the Tombs Court, where Magistrate Teneyck ordered him pending receipt of word from Philadelphia.

HUNGARY TIRED OF WAR

Russian Craft in Striking Over Carpathians Turning Country Toward Peace

Budapest, March 31—The newspapers occupy themselves daily more and more to a subject in which the people of Hungary are interested. There is no allusion to peace which does not find eager readers, and there is no peace however humiliating which would not be welcome. The tone of these peace articles is always the same, consoling the people with statements to the effect that Hungary will receive reward for the immense sacrifice made, that this time Austria will be willing to acknowledge the superiority of Hungary, and that "our national independence" will be the reward.

At the same time, hatred against Austria is growng day by day. The former admiration for Germany is well on the wane. Austria is hated and despised even more than before the war.

SAYS VON KLUCK HAD ROW

General Reckless After Quarrel With Kaiser, Is Reported

London, March 31—General von Kluck, the German commander who led the advance into France, according to travelers from Berlin, was wounded while recklessly inspecting trenches at the most dangerous point on the line after a stormy interview with Emperor William, says an Amsterdam dispatch to the Express.

It is learned from the same source that the opinion is expressed in Berlin that as a result of the incident the Emperor will entrust the command of Von Kluck's army to Prince Eitel Friedrich.

Announcement that General von Kluck had been wounded was contained in an official statement by the German War Office. It was said his condition was not serious.

WARFARE ON VICE TO BE STATEWIDE

Meeting of Virginians Will Be Held In Richmond April 13-14.

AGAINST EVERY VICE

All Sections of Commonwealth Will Be Represented in the Conference and Crusade Planned.

Richmond, March 31.—Virginia churches and social workers will wage a Statewide campaign on vice of all sorts. The campaign is to be inaugurated at an early date.

The initial meeting of the movers in the crusade will be held in Richmond April 13th and 14th. The meeting has been called by the Rev. Dr. J. J. Gravatt, of this city, as chairman. He is a member of the State Board of Charities and Corrections.

The promoters are determined to press the advantage that has come by reason of crusades and agitation in various cities, and it is apparent that no city or community will be overlooked in the general clean-up.

It is stated that the delegates to the initial convention are being picked with great care with a view to getting such men and women as will inspire confidence and respect and who are known to have the courage to attack vice in every form and to carry the campaign to the end.

The list of those who have so far been named gives indication that the movers are to be men and women who have been dealing with the subject for sometime, and who can and will be active in the general desire to root out all forms of vice and to see that it does not return to any community.

In this connection it is not going too far to say that every church in the State will be asked to name a committee of laymen to aid in this general moral clean up. The men are to be named and there is to come a general State convention, to be held in this city, at which time the lines for the campign will be mapped out and formally launched in every part of the State and pressed to a finish. This matter of naming the committees has been discussed, and it has met with general and unanimous approval at every meeting at which it has been suggested.

ROANOKE'S MAYOR.

Court Cannot Probe Charges Until Something Definite is Laid Against Him.

Roanoke, Va., March 31.—Before the Corporation Court can take any steps toward investigating the conduct of Mayor Moomaw, there must be specific charges upon which to base such investigation, and until there are specific charges the court will not act.

Judge King made this plan yesterday in an opinion declining to act upon a petition of citizens praying that a date be fixed by the court on which persons could come forward and present charges against Mayor Moomaw—an act outside the province of the court.

Killed by Train.

Shelbyville, Ind., March 31.—Morton Allen started to walk seven miles to Waldron to attend the funeral of a friend.

The walk, which he might have avoided by paying 15 cents on an interurban car, cost him his life. He was killed by a Big Four train.

HOLD A JOINT SESSION

City Fathers And Other Officials Hear Reports of City's Attorneys on Annexation.

Before a joint session of city council, the mayor, members of the board of police commissioners and school board, city officials and a large audience of citizens, many of them living in the new territory to be annexed to Alexandria tomorrow, John M. Johnson, one of the attorneys for the city in the recent annexation suit gave a lucid explanation of the terms of the order of the Supreme Court and outlined some of the legal responsibilities of the city toward the new territory.

Mr. Johnson presented a large map which had been used by the Supreme Court in fixing the boundaries. This map shows that the new northern limit of the city which is an extension of the present northern limit, will intersect the Washington Virginia railway tracks at south Braddock, a few feet north of the railway station. It passes through the front porch of the residence of Julian Y. Williams at Cottage Park and also the residence of Wallace Lindsey on Braddock Heights.

Mr. Johnson took up the order of the court, Item by item, and showed how the attorneys had arrived at an agreement. He said that the amount to be paid for the West End school was the exact cost of the same. The Mt. Vernon school on Washington street had cost $1,300 but only $1,000 was allowed for it. The amount to be paid for the bridge over Hunting Creek, $3,500, represented only a portion of its cost and the only item which Mr. Johnson considered excessive was the $2,000 to be paid by the city to Fairfax county for the work already done on the improvement of South Patrick street extended.

The money to be paid Fairfax county for these improvements amounts to $16,182 and is to be paid "forthwith" which Mr. Johnson construes at an early date. He said that Fairfax county had already written for the money.

While the West End school will be the property of the city as soon as the money is paid the Fairfax school board will continue to operate the school until the end of the present school year. After this year it will be operated by the school board of Alexandria and for the next two years children of residents of Fairfax county, who attend school there this year may continue to attend for two years without expense to Fairfax county.

Mr. Johnson said that the order of the court in reference to the policing of the new territory and the providing of an additional piece of fire appartus should be carried out as early as possible but that council would be given sufficient time to arrange the details.

The streets to be kept up by the city of Alexandria are only the recognized thoroughfares, such as Duke street extended, Patrick street extended, the old Mushpot road, Mt. Vernon Avenue, Braddock Road and King street extended, and such other streets in subdivisions as the city may hereafter accept. He said that the city could open up the following streets in the southwestern portion of the city.

Henry, Patrick, Alfred, Columbus, and Jefferson, and the cross streets, such as Jefferson, Greene, etc. This is in accordance with a deed made in 1790 by one Gill, who owned most of that section of the city and who sold it off in blocks with the understanding in the deed that if the property was ever taken over by the city it was to be opened for the passage of streets. Many of these streets are now blocked off by fences and buildings.

The present State assessors for the city, he explained, will assess the property for the ensuing five years, although the city taxes on the property taken in shall not be increased for five years unless Alexandria should expend in permanent improvements 12 per cent of the assessed valuation of the newly acquired territory.

Mr. Johnson said that the assessment is low at present in both counties and that the present sum received from taxes if the assessment remained the same would be about $8,000 per annum.

Mr. Johnson expressed himself as being in favor of a liberal policy toward the new section. In his opinion the city should immediately improve the four miles of public roads in the new territory and have same lighted at night. This he said would be an evidence of the good faith of the city.

In reference to the political aspects of the territory, Mr. Johnson said that he favored the creation of an additional ward which would consist of the annexed territory. If this was done Council would elect the members to represent that ward until the next general election.

Mr. Samuel G. Brent, who was also one of the attorneys, made a brief statement and both attorneys answered many questions propounded to them by the members of Council.

Several members of the Council congratulated the attorneys upon the successful outcome of the suit and a resolution thanking them was passed unaimously.

The Common Council at a brief session, received a resolution, already passed by the Board of Aldermen, appropriating $35,000 to begin at once the erection of a new high school building Under the rules the matter went over and a special meeting will be held Friday night to consider it. A special committee appointed to determine the ownership of the old Friendship engine house reported that the corporation attorney had given the opinion that the title is vested in the city. H. T. Beach was granted permission to repair a stable recently damaged by fire.

COMMITTEE AT WORK

CASE AGAINST GERMANY

Washington March 31—The views of the United States government regarding the sinking by the German cruiser Prinz Eitel Friedrich of the American ship William P. Frye finally have been put in the form of a note, which, it is expected, will soon be communicated to the German government through Ambassador Gerard at Berlin.

Preparation of the document has been considerably delayed owing to the difficulty in securing adequate information regarding the ownership of the cargo of grain of the Frye, but it has now been established that this cargo was sold while the ship was on the high seas and before she was sunk. As the sale was not made to the British government, but to a private firm, it is held that the liability of the German government for damages for its destrution is unquestionable.

ANNEXATION AND WHAT IT MEANS.

Most of the city officials were present at the joint session of the Board of Aldermen and Common Council last night to hear the reports of the lawyers representing the city of Alexandria in the recent suit against Alexandria and Fairfax counties for the annexation of certain territory binding on this city. Residents of the annexed district from both counties were also present.

Samuel G. Brent, Commonwealth Attorney, and John M. Johnson, representing the city in the proceedings attended, and the latter made an exhaustive statement of everything in connection with the suit and its final termination in the Supreme Court of Appeals, which tribunal sustained Alexandria city in its contention. Mr. Johnson exhibited maps of the territory absorbed by the city, and during the delivery of his report he answered a number of questions propounded by members of the joint convention'.

Mr. Brent submitted a brief statement supplementary to that of Mr. Johnson, and also answered certain queries concerning the procedure of the city in regard to the new territory.

Some well meaning Alexandrians and others equally well meaning residing in the territory taken from Alexandria and Fairfax counties have not been enthusiastic annexationists. The former have erroneously suppesed that the city would be made to face a great responsibility, certainly during the first five years of jurisdction over the outlying district. The suburbanities str strangely supposed their tax rate would be increased. But such must have had their apprehensions dispelled after listening to Messrs. Johnson and Brent last night. Synopses of the statements are given elsewhere in the Gazette.

The matter which will demand the immediate attention of Council will be policing the annexed district and affording fire protection. Provision will be made for these forthwith. Most of the other matters which to be formulated are not so urgent, and they will be disposed of within a reasonable time. Some people, unnecessarily anxious concerning the outcome of annexation, have suggested that the conversion of Hoff's Run into an arched sewer for the benefit of the new territory would cost many thousands of dollars, which the city would be called upon to pay. This cloud has been removed by a plan by which a pipe sewer can be run down the bed of that water course a sufficient distance at a cost of about five thousand dollars.

While Alexandria, like other cities throughout the country, is forced at times to increase her financial burdens, which are always promptly met, out obligations are conservative and the city fathers always see their way clear before embarking in any enterprise for the betterment of the city. It was urged by counsel for Alexandria and Fairfax counties in the annexation suit in the Circuit Court for Alexandria county that this city was already under great financial obligations and was not in a position to take on other burdens which would be inevitable should territory be annexed. A sufficient answer to this is found in Judge Cardwell's opinion handed down in the Supreme Court of Appeals about two weeks ago. He states that Alexandria is in a better financial condition than any city in the Commonwealth.

It was suggested last night that now that annexation is an accomplished fact there is no good reason why the residents of the western and northwestern sections of the city and Alexandria should not mingle with those in the east on the same terms. There should be no disposition to manifest enthusiasm over the fact that the city's cause has been pronounced just by the appellate court, but every reasonable means adopted to cultivate the best feeling. The people of the annexed district should show equally good nature towards people of the mother city. We believe both will act upon these principles and each vie in the work of accelerating the interest of Alexandria now posing in her enlarged skirts."

DENIED KISS; SEEKS DIVORCE

Wife Declared She Would Rather Kiss Devil, Says Beran

New York, March 31—"I'd rather kiss the devil than kiss you."

These words from the lips of his spouse took all the sweetness out of his married life, Joseph S. Beran told Justice Gavegan in the Supreme Court yesterday Beran is suing his wife, Mrs Julia Scroggins Beran, of Washington ,for sepuration on the grounds of abandonment.

The Berans were married in Washington in September 1911. The plaintiff is a resident of this city where he is attached to the United States Engineer's Office. Mrs. Beran according to her husband, refuses to live in New York.

"I visited her home in Washington several months ago," he testified, 'and said to her: 'Sweetheart, aren't you going to kiss me?'" It was then that she made her remark about the devil being preferable from a standpoint of osculation, he said. Mrs. Beran testified that she was willing to live with her husband, but not in New York.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Mort headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c a per box. All druggists.

OUSTED FROM CHURCH.

Rev. I. B. Trout, of Lanark, Ill., Accused of Indiscretions.

Harrisonburg, Va., March 31.—Rev. I. B. Trout, a prominent Dunkard minister, professor, lecturer and author, who was an instructor in the Bible Institute last January in Bridgewater College, Bridgewater, Rockingham county, and who has conducted revivals in various valley counties in recent years, has been ousted from the Brethren Church at Lanark, Illinois, and at the same time divested of all his offices in that denomination. He is charged with indiscretion while visiting the red-light sections of Chicago engaged in gathering material for his new book, The Chicago Underworld.

In his search for color in the segregated districts of Chicago his sympathy was aroused by a beautiful young girl, a victim of the underworld, whom he undertook to "rescue" and use as a sociological study, It is said that the "study" accepted gowns, hats, shoes, gloves and lingerie from Elder Trout and later fled from her generous benefactor.

It is a remarkable coincidence that two of the minister's flock happened to be slumming themselves on a certain occasion. The meeting of the three brothers proved to be a genuine surprise party. The story leaked out and the undoing of Elder Trout was the result.

Elder Trout says that he has nothing to conceal; he feels that his congregation will vindicate him in due time; he is proud of being able to help the unfortuante underworld victim; his wife is standing by him, he says; and that he is certain of the righteousness of his cause and his ultimate vindication.

Argentinas Will Pay Caruso This Record Salary.

New York, March 31.—Giulio Gatti-Casazza, general manager of the Metropolitan Opera Company, has received a cablegram from Enrico Caruso in Monte Carlo stating that the famous tenor has been engaged for ten appearances late in May at the Buenos Ayres Opera House, Argentina, at a salary of 35,000 francs ($7,000) a night.

This is said to be the largest individual paid any artist of his profession and makes Caruso the highest paid singer in the world. He receives $2,500 an appearance at the Metropolitan.

HEAD-ON CRASH.

Charlotte, N. C., March 31.—Southern Railway passenger train No. 8, was in head-on collision with a freight train at Coddle Creek, twenty miles north of here, at 4 o'clock yesterday morning. T. V. Williams, of Charlotte, and two negro trainmen were slightly injured. The train crews escaped by jumping. The collison occurred on one of the few single track stretches of the Southern between this city and Washington.

NORFOLK LICENSE LAW.

Committee Will Recommend Material Increases for Some Branches of Business.

Norfolk, Va., March 31.—Several increases in license taxes were decided on by the members of the finance committee of the council at its meeting Monday night in a session devoted to considering the present license ordinances. One of the largest increases decided upon was in the tax on the manufacturers and bottlers of pop, ginger ale and kindred drinks. This was raised from $30 to $100 a year. One section of theo rdinance was ammended so as to tax at $15 a month dance halls where admission is charged or a charge made for dancing. Heretofore these places have not been assessed.

The part of the ordinance regulating the tax on merchants according to the amount of the purchases in a business year was changed so as to increase the tax paid by those buying more than $100,000 worth of goods after the $100,000 mark has been reached. The limit of $500,000 worth of purchase was cut out, making the sky the limit, as one member of the committee expressed it. This will give a return of $625 for the half-million dollar merchant, instead of $500 as at present.

SEE BOY KILLED BY AUTO.

Attorney Runs Down Youth And Broken 'Phone Pole Falls Into Car.

Rocky Mount, N. C., March 31.—His legs broken, skull crushed and arms shattered before the automobile of Attorney A. D. McLean, of Washington, Ernest Taylor, 7 year old son of William Taylor, received fatal injuries Sunday afternoon in Martin county when the automobile was swung from its path, crashed into a telephone pole which was broken off and fell with force into the automobile, inflicting slight injury to one of the lady passengers.

The accident, which occurred at a late hour in the afternoon at a point on the Williamston-Washington road about four miles from Williamston in Martin county, was witnessed by the parents of the youth, who was entangled under the car and suffered injuries from which he died within six hours.

According to those present the youth dashed out from his father's automobile, which had stopped in front of home, while a small boy had started to open the gate and it was when he ran from behind the halted car to the opposite side of the road that the great oncoming machine was upon him before anyone hardly knew of its presence.

Following the accident it is declared Mr. McLean picked up the injured child in his arms and rushed into the house with him and that prominent physicians from both Williamstown and Washington were summoned.

"CROSSED T'S WITH KISSES."

Hempstead, L. I., March 31.—The letters of Warren A .Brown, aged 50 years, a bachelor and a wealthy real estate broker, to Mrs. Myra B. St. John, in which he "crossed the t's with kisses," figure in a $10,000 suit brought by Joseph C. St. John in which he alleges that Brown alienated his wife's affections.

The St. Johns were married in 1907 and have four children. Several months ago Mrs. St. John obtained a separation and $5 allowance. She is said to have admitted that she signed an affidavit saying that Brown had held hands with her and had sent her letters containing kisses and expressing the wish that he might marry her.

WOMAN'S HORRIBLE STORY.

Used Axe, Ice Pick And Knife on Her Husband.

New York, March 31.—A new page of horror was written into police annals yesterday, when Mrs. Thomas Prechipoch confessed that she murdered her husband, whose mangled body was found on March 22, huddled in a closet of his tenement in the Bronx.

Her confession reveals a crime unequaled for ferocity and cold calculation. The woman is said to have admitted that she not only beat her husband with an axe, but that she drove an ice pick into his body several times, and then cut his throat with a butcher knife to "end his suffering."

According to the report of the confession, Mrs. Prechipoch said she waited until her husband was asleep in bed, then she took a short-handled axe and beat in his head, afterward sticking an ice pick into him several times.

"He groaned a lot," said the woman, "so I stuck some rags in his mouth and dragged him to the closet and pushed him in, but he seemed to be making faces of pain, so I thought I might as well end his suffering. I got my butcher knife and shoved his head back and cut his neck, so he could die quick."

Then Mrs. Prechipoch, according to her confession, washed off the axe, the knife and the ice pick and cleaned up the stains on the bed. When this task was completed she packed two suit cases, one of which she took with her to College Point, where she joined Michael Kasmir. On Sunday morning before the body was found she returned to the tenement, obtained the other suitcase, after peeping in and making sure her husband's body was still there, and went back to Kasmir.

Last Friday the police arrested Hurdiska and Mrs. Prechipoch, holding them as material witnesses. The woman told conflicting stories, and yesterday, it is claimed, sent for Acting Caut. Hintz, and said she wanted to clear up all "the mess" about her husband.

"Halving your wants quadruples your wealth"

Over almost everything except our virtues, there might be written this condemnation: "Too much." As late as the Eighteenth Century the general lot was crude and mean. Your rich grandfather suffered discomforts compared with which your surroundings are luxurious." —Herbert Kaufman
